

Wessex Archaeology is happy to provide speakers for groups, societies, retirement homes, clubs and study groups.

Who We Are

We are a commercial archaeology practice and an educational charity. We record and preserve archaeology and heritage that is under threat from development. As an educational charity, with no shareholders or government funding, our aim is to disseminate the findings of our investigations and to enhance your knowledge of the arts, science, heritage, and culture through archaeology.

Talks on **What We Find**

Wessex Archaeology works across the UK and internationally. All our staff are happy to talk on specific projects where commercial sensitivity permits. Our company has been investigating and recording archaeology for over 40 years and we make new discoveries across the country and around the coast every day. We will endeavour to find an expert to talk about specific projects in your location.

What it Costs

We ask for a minimum donation of **£50** towards the cost of providing a speaker for a ticketed event. This does not cover our costs, but it helps support our charitable activity. Payment can be made via cheque, cash, card or invoice.

We are happy to speak for **free** at events where members of the public can attend for free.
